

**FREE VS PRO**

# Choose the actor plan that fits your *audition workflow*.

Every actor account includes profile creation, audition discovery, and submissions. Pro expands your media capacity and unlocks the deeper profile, conflict, and resume tools that help you stay ready across multiple opportunities.

[Submit to roles](#)
[Manage media](#)
[Track conflicts](#)

## Why actors move to Pro

### MORE MEDIA

Expand from 1 to 10 headshots, resumes, and audition videos so you can tailor materials to different roles.

### RICHER PROFILE

Unlock advanced profile fields including union status, vocal ranges, measurements, bio, and special skills.

### FASTER SUBMISSIONS

Maintain a persistent conflict calendar and auto-sync those conflicts into auditions.

### RESUME WORKFLOW

Build acting, technical, education, and awards sections and generate a resume from your profile data.

## Feature Comparison

Definitive product features based on the current MasterCast actor profile and billing implementation.

FEATURE	FREE	PRO	WHAT IT MEANS
Basic actor profile	Included	Included	Create a profile with core contact and location details so companies can identify and review you.
Browse audition listings	Included	Included	Search and review available audition opportunities from casting companies.

FEATURE	FREE	PRO	WHAT IT MEANS
Submit to open auditions	Included	Included	Apply to roles using your current profile, uploaded materials, and audition-specific answers.
Per-audition conflict entry	Included	Included	Enter conflicts for a single audition when submitting, even if you do not keep a long-term calendar.
Headshots	Up to 1	Up to 10	Store multiple looks for different roles and designate the best primary image for casting review.
Resumes (PDF uploads)	Up to 1	Up to 10	Keep multiple resume versions available instead of swapping a single document in and out.
Audition videos	Up to 1	Up to 10	Upload reusable video materials for different vocal, acting, or role-specific needs.
Video callback submissions (when granted)	Included	Included	When a casting director grants you a callback video because you cannot attend in person, upload your callback submission directly from My Callbacks.
Production Hub access (Feed, Calendar, Files, Notes, Mending)	Included	Included	As soon as you have an open cast offer (Pending, Maybe, or Accepted) you see production posts, the calendar with day-detail time slots and cancelled-day flags, shared files, cast notes targeted to you, and mending requests for the show \u2014 the cast list does not have to be finalized first.
Resume generation	Not included	Included	Generate a resume from profile content instead of relying only on manual PDF uploads.

FEATURE	FREE	PRO	WHAT IT MEANS
<b>Advanced profile fields</b>	Not included	<b>Included</b>	Unlock bio, union status, ethnicity, vocal ranges, dance ability, dance experience, measurements, website, and other detailed casting fields.
<b>Special skills</b>	Not included	<b>Included</b>	Show standout capabilities that can help you surface for specific roles or production needs.
<b>Experience, education, awards</b>	Not included	<b>Included</b>	Maintain acting and technical experience plus education and awards directly in your profile.
<b>Persistent conflict calendar</b>	Not included	<b>Included</b>	Keep a reusable conflict calendar on your account instead of re-entering recurring dates for every audition.
<b>Auto-sync profile conflicts to auditions</b>	Not included	<b>Included</b>	Carry saved conflict data into audition workflows automatically to reduce repeat entry and missed dates.

### Best Fit for Free

- Actors building a first MasterCast profile.
- Actors applying occasionally with a single set of materials.
- Anyone who only needs core audition discovery and submission tools.

### Best Fit for Pro

- Actors juggling multiple roles, resumes, and video packages.
- Performers who want a richer, more searchable professional profile.
- Actors who need long-term conflict management and generated resumes.
